EXPERIENCE

Trocitos Tropicales, San Cristóbal: *Web developer Full-Stack*

MAY OF 2020 - AUGUST 2024

Develop full-stack applications using React on the front-end and Node.js/ Spring Boot on the back-end.

Implemented RESTful API for product storage, inventory, and company accounting. Maintain, add features, and fix bugs when necessary for a restaurant POS application.

Worked with AWS services like EC2, S3, and Lambda to deploy and maintain applications in the cloud.

BackEnd: **Java, MySql, Node.js, Spring Boot, Postman**.
FrontEnd: **HTML, CSS, JavaScript, React**.

Le Bar BQ Restaurant, San Cristóbal: *Web designer*

JUNE OF 2016 - NOVEMBER OF 2019

Design and develop a visually appealing and functional website, ensuring a seamless user experience and compliance with design standards.

Followed TDD and Agile practices, contributing to sprint planning, daily stand-ups, and retrospectives.

Implement a Blog in WordPress for the activities made in the company.

BackEnd: **MySql, Python, Django, SQL**.
FrontEnd: **HTML, CSS, JavaScript**.
CMS: **WordPress**.

EDUCATION

Autonomous University of Santo Domingo (UASD), Santo Domingo: *Bachelor of Computer Science*

AUGUST OF 2011 - AUGUST OF 2024

ABOUT ME

I am a Web Developer with experience in cutting-edge technologies such as Django, Angular and React. I am motivated by the possibility of collaborating in teams that share a passion for creating innovative digital products, using these tools and exploring new ones. My professional focus is on providing effective solutions and constantly updating my skills to contribute to the success of challenging projects.
